Ahmedabad, Gujarat, India

SUMMARY

Energy efficiency and industrial automation professional with 6+ years of experience delivering sustainable, data-driven solutions for industrial and commercial facilities across Gujarat. Currently Senior Sales Engineer at Energeia, an ESCO focused on helping industries reduce energy costs, improve operational efficiency, and lower emissions through performance-driven energy solutions with little to no capital investment. Expertise in Energy Audits, Compressed Air Systems, Steam Systems, Chilled Water/HVAC Systems, Chiller Plant Optimization, Dual Fuel solutions, IoT-based Energy Monitoring Systems (EMS), BMS, industrial instrumentation, and utility automation. Proven track record in B2B technical sales, key account management, and end-to-end project execution across pharma, chemical, textile, plastic, and manufacturing sectors

EXPERIENCE

Senior Sales Engineer

Energeia

09/2024 - Present Ahmedabad, Gujarat, India

- Lead sales and business development for energy efficiency solutions across Gujarat
- Drive B2B sales in HVAC, compressed air systems, and industrial utility audits
- Provide technical consultation and tailored proposals for industrial and commercial clients
- Manage key accounts in pharma, chemical, textile, plastic, and manufacturing sectors
- Promote Dual Fuel (Diesel + PNG/CNG) solutions for generator fuel optimization
- Execute RECD projects to meet GPCB emission norms and improve regulatory compliance
- Coordinate with technical teams for offers, designs, and compliance documentation
- Support energy audits and monitor project savings post implementation
- Collaborate with consultants and stakeholders to drive solution approvals and revenue targets

Senior Sales Marketing Executive

Digicon Automation Pvt Ltd

12/2023 - 09/2024 Ahmedabad, Gujarat, India

- Drove B2B sales and business development in HVAC-R, Infrastructure, and Pump segments
- Promoted DDC/HVAC controllers, sensors, and EMS/BMS systems as integrated solutions
- Managed key accounts and built long-term client relationships with MEP consultants and EPCs
- Led product demos and solution discussions to position Digicon as a trusted system integrator
- Handled complete sales cycle including lead generation, proposals, pricing, and closing
- Coordinated with technical teams for accurate techno-commercial offers and contract negotiation

Senior Sales Engineer

Triton Process Automation Pvt. Ltd

06/2022 - 12/2023 Mumbai, India (Gujarat Region)

- Led sales operations across Gujarat for valves, BTU meters, sensors, and VAV products
- Managed regional sales strategy with channel partners to boost HVAC, BMS, fire, ELV, and LMS segments
- Developed technical proposals leveraging HVAC/BMS expertise for consultants and contractors
- Delivered timely, competitive quotations and conducted cost analysis to ensure profitability
- Maintained accurate sales forecasts and CRM reporting while meeting sales targets and KPIs

Technical Sales and Service Engineer

Meteocontrol India

01/2021 - 06/2022 Ahmedabad, Gujarat, India

- Handled technical sales, configuration, and service support for PV monitoring solutions
- Configured Blue'Log X-Series Data Loggers for data collection and grid integration
- Set up and managed VCOM (Virtual Control Room) platform for cloud-based solar plant monitoring
- Delivered remote technical support, troubleshooting, and performance optimization for clients
- Supported installation, testing, commissioning, sensor calibration, and preventive maintenance

EXPERIENCE

Instrument Engineer

Dishman Carbogen Amcis Ltd

08/2019 - 12/2020 Sanand, Gujarat, India

- Maintained high equipment availability through proactive maintenance and troubleshooting
- Conducted preventive maintenance, instrument calibration, and breakdown response with minimal downtime
- Ensured adherence to LOTO safety procedures during maintenance and electrical work
- Executed electrical installations, fault finding, testing, and repair of plant instrumentation
- Developed SOPs and safety protocols; maintained ISO documentation and maintenance inventory

EDUCATION

Bachelor of Engineering (B.E.), Instrumentation and Control

Shantilal Shah Engineering College, Bhavnagar

05/2016 - 05/2019

Diploma in Instrumentation and Control Engineering

Government Polytechnic Ahmedabad

2013 - 2016

SKILLS

Technical

Energy Audit	HVAC Optimization	Chiller Plant Optimization	Compressed Air Systems	
Energy Management	ESCO Projects	Dual Fuel Solutions	IoT Energy Monitoring	BMS/EMS
VFD Solutions	PLC/SCADA	Industrial Instrumentation	PV Monitoring	RECD Compliance

Sales

B2B Sales	Business Development	Technical Consulting	Key Account Management
Techno-Commercial Proposals	CRM	Contract Negotiation	MEP Consultant Engagement

Tools

VCOM Platform	Blue'Log Data Loggers	DDC/HVAC Controllers	BTU Meters	Control Valves
VAV Systems	Energy Monitoring Dashboards
